RE: Andrew Nuttall

It is my pleasure to write this letter of reference on behalf of Andrew Nuttall, who I understand is making application to Royal Roads University.

Although I have known Andrew for only two years, his strong character and sincerity has always impressed me. Indeed, I felt confident enough in his ethics and principles that I recently referred him to a major client of mine. Not only did Andrew live up to my expectations, he exceeded those of my client.

I believe that Andrew will make a significant contribution to the program at Royal Roads, and I strongly support his application.

Sincerely
